Another technique is to check out prices by making a number of duplicate gross sales pages with completely different costs on every page. Be sure your gross sales copy is exactly the same on every page, and includes your selling-handle sentence. Then figure out for every page the conversion ratio between guests to your site and sales of your book. This may inform you what your optimum price is.

Finally, when you've written a e-book that solves a downside or presents a brand new technique, your book will bring in each site visitors and profits.
