sales and promotional material, and every time anybody asks you about your ebook.

Besides promoting your books assiduously on-line, there are several other methods that can help you promote more books.

One is to give something away free of charge along with your e-book, corresponding to a valuable bonus item. Or bundle several ebooks below one value, which lowers the worth for every book in the event that they have been sold separately.

An efficient technique for determining a price is to send out a survey to your current customers. If these customers have already bought an book from you, ask for his or her opinion when it comes to price. Do that by creating a sales web page for the brand new e book, however do not embrace a value on that page. As a substitute, add a number of hyperlinks to survey questions that ask pointed questions to aid you in assigning a value to your ebook.

One other strategy is to test out costs by making a variety of duplicate gross sales pages with completely different prices on every page. Be sure that your sales copy is strictly the same on every web page, and consists of your selling-deal with sentence. Then work out for each web page the conversion ratio between visitors to your site and sales of your book. This can tell you what your optimum price is.

In the end, if you happen to've written a ebook that solves a downside or presents a new approach, your book will usher in both site visitors and profits.
