One is to offer one thing away free of charge along with your ebook, similar to a precious bonus item. Or bundle a number of ebooks below one price, which lowers the value for every book if they had been bought separately.

An effective approach for figuring out a price is to ship out a survey to your present customers. If these clients have already purchased an e-book from you, ask for their opinion by way of price. Do this by creating a gross sales web page for the new e-book, however don't embody a price on that page. As a substitute, add a lot of hyperlinks to survey questions that ask pointed questions to assist you in assigning a value to your ebook.

Make sure that your gross sales copy is strictly the identical on every page, and contains your promoting-handle sentence. Then determine for every web page the conversion ratio between guests to your site and gross sales of your book. This may let you know what your optimum value is.

In the end, if you happen to've written a book that solves a downside or presents a new method, your e book will usher in both traffic and profits.
