in each piece of sales and promotional material, and every time anyone asks you about your ebook.

An effective method for figuring out a value is to send out a survey to your current customers. If these clients have already bought an e book from you, ask for his or her opinion in terms of price. Do that by creating a gross sales web page for the new book, but do not embody a worth on that page. As an alternative, add plenty of hyperlinks to survey questions that ask pointed questions to aid you in assigning a worth to your ebook.

Another technique is to test out costs by creating a variety of duplicate sales pages with completely different costs on each page. Make sure your gross sales copy is strictly the identical on every page, and consists of your selling-deal with sentence. Then determine for each page the conversion ratio between guests to your web site and gross sales of your book. This will inform you what your optimum value is.

Finally, in case you've written a e-book that solves a problem or presents a brand new method, your e book will bring in both site visitors and profits.
