Apart from selling your books assiduously on-line, there are several other methods that can enable you to sell more books.

One is to offer something away at no cost with your ebook, similar to a useful bonus item. Or bundle several ebooks below one price, which lowers the price for each e book if they were sold separately.

An effective approach for determining a worth is to ship out a survey to your current customers. If these prospects have already bought an e-book from you, ask for their opinion in terms of price. Do that by making a sales page for the brand new e book, but don't embrace a worth on that page. As a substitute, add a number of links to survey questions that ask pointed questions to aid you in assigning a price to your ebook.

One other strategy is to test out prices by creating a number of duplicate sales pages with completely different prices on each page. Be sure that your gross sales copy is precisely the identical on each web page, and includes your promoting-handle sentence. Then determine for each page the conversion ratio between guests to your web site and gross sales of your book. It will let you know what your optimum worth is.

Finally, if you've written a book that solves a problem or presents a brand new technique, your ebook will bring in both site visitors and profits. So make sure to write that promoting-deal with sentence that sums up what downside your ebook solves and what the advantages of your 1156 guide might be to the shoppers who purchase it.
