Do this by making a gross sales page for the brand new e-book, but don't include a worth on that page. One other technique is to test out prices by creating a variety of duplicate gross sales pages with different prices on each page. Make sure your sales copy is strictly the identical on every web page, and consists of your promoting-handle sentence. Then figure out for every web page the conversion ratio between guests to your website and sales of your book. This will let you know what your optimum worth is.

Finally, if you happen to've written a guide that solves a drawback or presents a new approach, your

guide will usher in both visitors and profits. So be sure to write that selling-deal with sentence that sums up what drawback your e-book solves and what the advantages of your 1242 e-book will be to the shoppers who purchase it. After which watch your market come to you!
