An efficient method for determining a value is to send out a survey to your current customers. If these clients have already purchased an book from you, ask for his or her opinion when it comes to price. Do this by making a gross sales page for the new e-book, however don't include a value on that page. As a substitute, add plenty of links to survey questions that ask pointed questions to assist you in assigning a worth to your ebook.

One other technique is to test out prices by creating a variety of duplicate gross sales pages with different prices on every page. Be certain that your sales copy is precisely the identical on each page, and consists of your selling-deal with sentence. Then determine for each web page the conversion ratio between guests to your site and sales of your book. This will let you know what your optimum value is.

Ultimately, when you've written a e-book that solves a downside or presents a new technique, your guide will herald both visitors and profits. So you should definitely write that promoting-handle sentence that sums up what downside your book solves and what the advantages of your 1350 book will likely be to the shoppers who purchase it.
