Then remember to use that sentence in every piece of gross sales and promotional materials, and every time anyone asks you about your ebook.

Besides promoting your books assiduously on-line, there are a number of other methods that can allow you to sell more books.

An effective approach for determining a price is to send out a survey to your current customers. If these prospects have already bought an e-book from you, ask for his or her opinion in terms of price. Do that by making a gross sales page for the brand new book, however don't embody a value on that page. As an alternative, add quite a lot of links to survey questions that ask pointed questions to aid you in assigning a price to your ebook.

One other strategy is to test out prices by creating a number of duplicate gross sales pages with completely different costs on each page. Make certain your gross sales copy is precisely the same on

every web page, and contains your promoting-deal with sentence. Then work out for each page the conversion ratio between guests to your website and sales of your book. This can inform you what your optimum price is.

In the end, in the event you've written a ebook that solves a problem or presents a brand new approach, your e book will bring in both site visitors and profits.
