Another strategy is to check out costs by making a variety of duplicate gross sales pages with different costs on every page. Make sure your sales copy is precisely the same on every web page, and consists of your promoting-deal with sentence. Then work out for each page the conversion ratio between guests to your site and gross sales of your book. This may tell you what your optimum price is.

Finally, when you've written a guide that solves a downside or presents a brand new technique, your e book will herald both traffic and profits.
