An efficient approach for determining a value is to ship out a survey to your current customers. If these customers have already purchased an book from you, ask for his or her opinion when it comes to price. Do that by making a gross sales web page for the new e book, but do not embody a value on

that page. Instead, add a variety of links to survey questions that ask pointed questions to help you in assigning a value to your ebook.

One other strategy is to check out costs by making a number of duplicate gross sales pages with different prices on every page. Make sure that your gross sales copy is exactly the identical on every web page, and consists of your promoting-deal with sentence. Then figure out for every page the conversion ratio between guests to your web site and gross sales of your book. This will tell you what your optimum price is.

Finally, for those who've written a e book that solves a drawback or presents a brand new method, your guide will herald both visitors and profits.
