Then be sure to use that sentence in every piece of gross sales and promotional material, and every time anybody asks you about your ebook.

Apart from promoting your books assiduously on-line, there are a number of other strategies that may allow you to sell more books.

One is to offer one thing away without cost together with your e-book, akin to a worthwhile bonus item. Or bundle several ebooks underneath one value, which lowers the value for each ebook in the event that they have been offered separately.

An effective method for figuring out a worth is to ship out a survey to your present customers. If these customers have already purchased an e book from you, ask for his or her opinion in terms of price. Do this by making a gross sales page for the new book, but do not embrace a value on that page. Another technique is to check out costs by creating a variety of duplicate sales pages with different costs on each page. Be sure your gross sales copy is precisely the similar on every web page, and contains your promoting-handle sentence. Then determine for each web page the conversion ratio between visitors to your website and sales of your book. This will tell you what your optimum value is.
