An effective approach for figuring out a price is to send out a survey to your current customers. If these clients have already bought an e-book from you, ask for his or her opinion in terms of price. Do this by making a sales web page for the new e book, but don't include a worth on that page. As an alternative, add a number of links to survey questions that ask pointed questions to assist you in assigning a value to your ebook.

Another technique is to check out costs by creating a number of duplicate gross sales pages with totally different costs on each page. Be certain your sales copy is precisely the same on every web

page, and consists of your promoting-deal with sentence. Then determine for each page the conversion ratio between visitors to your website and gross sales of your book. This may tell you what your optimum worth is.

Finally, for those who've written a book that solves a downside or presents a new approach, your e book will bring in each traffic and profits. So you should definitely write that promoting-handle sentence that sums up what problem your book solves and what the advantages of your 2043 book can be to the purchasers who buy it.
