Another strategy is to check out costs by creating a number of duplicate gross sales pages with

completely different prices on each page. Be certain that your sales copy is precisely the identical on each page, and consists of your selling-deal with sentence. Then figure out for every page the conversion ratio between visitors to your web site and gross sales of your book. This can inform you what your optimum value is.

Finally, should you've written a guide that solves a drawback or presents a new method, your ebook will usher in each traffic and profits. So make sure to write that promoting-handle sentence that sums up what problem your ebook solves and what the advantages of your 2110 ebook might be to the customers who buy it.
