One other strategy is to check out prices by creating a number of duplicate gross sales pages with totally different prices on every page. Ensure that your gross sales copy is exactly the same on

every web page, and includes your selling-handle sentence. Then figure out for each web page the conversion ratio between guests to your website and gross sales of your book. This will let you know what your optimum worth is.

Finally, when you've written a book that solves a drawback or presents a new technique, your book will bring in both visitors and profits.
