An effective approach for determining a worth is to send out a survey to your current customers. If these prospects have already bought an ebook from you, ask for their opinion in terms of price. Do that by creating a sales page for the brand new guide, but don't embrace a value on that page. Instead, add various hyperlinks to survey questions that ask pointed questions to aid you in assigning a value to your ebook.

One other strategy is to check out prices by making a variety of duplicate gross sales pages with totally different costs on each page. Be certain your sales copy is exactly the same on every page, and includes your promoting-deal with sentence. Then work out for every web page the conversion ratio between visitors to your web site and sales of your book. This will tell you what your optimum worth is.

Finally, when you've written a book that solves a drawback or presents a new method, your ebook will usher in each traffic and profits.
