One is to give something away without spending a dime with your e-book, akin to a invaluable bonus item. Or bundle several ebooks underneath one value, which lowers the value for each book in the event that they have been offered separately.

An effective approach for determining a worth is to send out a survey to your current customers. If these customers have already bought an e-book from you, ask for their opinion by way of price. Do this by making a gross sales web page for the brand new guide, but don't include a worth on that page. Instead, add plenty of hyperlinks to survey questions that ask pointed questions to help you in assigning a value to your ebook.

Another strategy is to check out costs by creating a variety of duplicate sales pages with completely different costs on every page. Be certain your sales copy is strictly the identical on

each page, and consists of your selling-handle sentence. Then determine for every web page the conversion ratio between guests to your website and sales of your book. This may let you know what your optimum worth is.

In the end, in the event you've written a book that solves a problem or presents a new approach, your e book will herald each traffic and profits.
