sentence in every piece of sales and promotional materials, and every time anyone asks you about your ebook.

Moreover selling your books assiduously online, there are several other methods that can make it easier to promote more books.

An efficient approach for figuring out a worth is to ship out a survey to your present customers. If these clients have already purchased an book from you, ask for their opinion by way of price. Do this by creating a sales page for the new book, however don't include a worth on that page. As a substitute, add plenty of hyperlinks to survey questions that ask pointed questions to aid you in assigning a price to your ebook.

One other technique is to test out costs by making a number of duplicate sales pages with totally different costs on every page. Ensure your sales copy is strictly the same on every web page, and contains your promoting-handle sentence. Then determine for every page the conversion ratio between visitors to your web site and sales of your book. This will let you know what your optimum worth is.

In the end, when you've written a e-book that solves a problem or presents a brand new approach, your guide will bring in both site visitors and profits.
