sales and promotional materials, and each time anyone asks you about your ebook.

Another strategy is to check out prices by creating a variety of duplicate gross sales pages with totally different costs on each page. Make sure that your sales copy is strictly the identical on each web page, and contains your promoting-deal with sentence. Then determine for every page the conversion ratio between visitors to your site and gross sales of your book. It will inform you what your optimum price is.

In the end, for those who've written a book that solves a downside or presents a new approach, your guide will usher in both traffic and profits.
