After you figure out your goal, you could determine what your audience's need is on your ebook. For instance, does your book remedy a particular problem? If it does, and solves it in a way that hasn't been written about in one hundred different ebooks, you can be able to obtain excessive gross sales at a high price. If your e book solves an issue or answers questions in a brand new and distinctive

method, it's best to value your e book as high as you may go. You'll obtain bigger earnings this manner, but usher in fewer customers. If you want to see giant profits over customer draw, purpose for an audience that is on the lookout for simple solutions to their issues at a low price. Start at the highest value the market will bear to usher in the largest earnings, and plan to discount the e book a variety of times all through the year.

page, and includes your selling-handle sentence. Then work out for every page the conversion ratio between guests to your website and gross sales of your book. It will let you know what your optimum value is.
