An efficient approach for figuring out a price is to send out a survey to your current customers. If these clients have already bought an ebook from you, ask for their opinion in terms of price. Do this by making a gross sales page for the brand new e-book, however don't embrace a price on that page. As an alternative, add plenty of hyperlinks to survey questions that ask pointed questions to aid you in assigning a price to your ebook.

One other technique is to test out costs by creating a number of duplicate gross sales pages with different prices on every page. Be sure your gross sales copy is strictly the similar on each page,

and includes your selling-handle sentence. Then work out for each web page the conversion ratio between visitors to your site and gross sales of your book. This will let you know what your optimum value is.

Ultimately, if you've written a guide that solves a downside or presents a new approach, your e book will usher in each visitors and profits.
