An efficient approach for figuring out a price is to ship out a survey to your current customers. If these clients have already bought an ebook from you, ask for their opinion when it comes to price. Do that by making a gross sales web page for the brand new book, but don't include a value on that page. As an alternative, add numerous hyperlinks to survey questions that ask pointed questions to assist you in assigning a value to your ebook.

One other technique is to check out costs by creating a number of duplicate gross sales pages with completely different prices on each page. Make sure that your gross sales copy is precisely the

similar on each page, and includes your promoting-deal with sentence. Then figure out for each page the conversion ratio between visitors to your web site and sales of your book. This will tell you what your optimum worth is.
